BILLING CODE 6118-01-D

DEPARTMENT OF COMMERCE

Office of the Secretary

[Docket No. 950727195-5195-01]

Privacy Act: Amendment of System of Records, Commerce/DEPT-18

AGENCY: Commerce.

ACTION: Notice.

SUMMARY: This notice establishes the Office of White House Liaison as the location for employee personnel files, not covered by Privacy Act notices of other agencies, of political appointees in the Department of Commerce. The new location will facilitate records management of COMMERCE/DEPT-18 records and will facilitate access to the records by the individuals whose records are being maintained.

EFFECTIVE DATE: November 14, 1995.

FOR FURTHER INFORMATION CONTACT: Daniel J. Rooney: (202) 482-4115.

SUPPLEMENTARY INFORMATION: The Office of White House Liaison is added as a location for Privacy Act COMMERCE/DEPT-18 records of Department of Commerce employees who are political appointees. The COMMERCE/DEPT-18 System location "i" is relabeled system location "j" and a new system location "i" is added. For political appointees in the Department of Commerce: Office of White House Liaison, U.S. Department of Commerce, Room 5717, Washington, DC 20230. This is not a significant alteration of a system of records under OMB Circular A-130.

Authority: 5 U.S.C. 552a.
Daniel J. Rooney,
Management Analyst, Office of Executive Assistance Management, Department of Commerce.

BILLING CODE 3510-DT-M

Foreign-Trade Zones Board

[Docket 70-95]

Foreign-Trade Zone 83—Huntsville, AL; Application for Subzone Status, MagneTek, Inc., Plant (Fluorescent Ballasts and Components), Madison, AL

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Huntsville-Madison County Airport Authority, grantee of FTZ 83, requesting special-purpose subzone status for the electronic fluorescent lighting ballasts and components manufacturing facility of MagneTek, Inc., located in Madison, Alabama. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on November 3, 1995.

The plant (80,000 sq.ft. on 36 acres) is located at 1430 Wall-Triana Highway in Madison (Madison County), Alabama, some 12 miles southwest of Huntsville. The facility (484 employees) is used to produce electronic fluorescent lighting ballasts (HTS# 8504.10.00) and related printed circuit assemblies (HTS# 8504.90.60). The electronic ballasts are used in the manufacture of commercial fluorescent lighting equipment. Components and materials sourced from abroad (about 20% of finished product value) include: wire, capacitors, resistors, diodes, semiconductors, printed and integrated circuits, switches, fuses, insulators, voltage limiters, surge suppressors, transformers, rectifiers, inductors, thermostats, flux, solder bars, and tape (duty rate range: free — 9.8%).

Zone procedures would exempt MagneTek from Customs duty payments on the foreign components used in export production. On its domestic sales, the company would be able to choose the lower duty rate that apply to finished electronic fluorescent lighting ballasts and printed circuit assemblies (3.0%) for the foreign inputs noted above. The application indicates that the savings from zone procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is January 16, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to January 29, 1996).

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:

Office of the Port Director, U.S. Customs Service, Suite 204, 2850 Wall-Triana Highway, Huntsville, AL 35824
Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th Street & Pennsylvania Avenue, NW., Washington, DC 20230

Dated: November 3, 1995.
John J. Da Ponte, Jr.,
Executive Secretary.

BILLING CODE 3510-DS-P

[Docket 69-95]

Foreign-Trade Zone 105, Providence/North Kingston, Rhode Island; Application for Expansion

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the State of Rhode Island Department of Economic Development, grantee of Foreign-Trade Zone 105, Providence and North Kingston, Rhode Island, requesting authority to expand its zone to include a site in the City of Warwick, Rhode Island, within the Providence Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on November 2, 1995.

FTZ 105 was approved on September 13, 1984 (Board Order 270, 49 FR 37133, 9/21/84). The zone project includes 2 sites in the Providence Customs port of entry: *Site 1* (12 acres)—within the Port of Providence, a 185-acre commercial and industrial intermodal facility owned by the City of Providence; and *Site 2* (900 acres)—within the Economic Development Corporation's 2000-acre Quonset Point/Davisville Industrial Park, North Kingston.

The applicant is now requesting authority to expand the general-purpose zone to include an additional site (proposed *Site 3*—43 acres) at the Airport Business Center, adjacent to the T.F. Green State Airport, Warwick. This zone site would become part of the City of Warwick's economic development and industrial revitalization efforts.

No specific manufacturing requests are being made at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited for interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is January 16, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period January 29, 1996. A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

Office of the Port Director, U.S. Customs Service, 49 Pavilion Avenue, Providence, Rhode Island 02905
Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce, 14th and Pennsylvania Avenue, NW., Washington, DC 20230

Dated: November 3, 1995.

John J. Da Ponte, Jr.,
Executive Secretary.

BILLING CODE 3510-DS-P

[Docket 71-95]

Foreign-Trade Zone 199, Texas City, TX Proposed Foreign-Trade Subzone Marathon Oil Company (Oil Refinery Complex) Texas City, Texas

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Texas City Foreign Trade Zone Corporation, grantee of FTZ 199, requesting special-purpose subzone status for the oil refinery complex of Marathon Oil Company, located in Texas City, Texas. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on November 6, 1995.

The refinery complex (200 acres) consists of 2 sites in Galveston County, Texas City, Texas: *Site 1* (170 acres)—main refinery and petrochemical feedstock complex located at 1320 Loop 197 South in east Texas City; and *Site 2* (30 acres/859,300 barrel capacity)—South Tank Farm located at Dock Road and Loop 197 South across from the refinery.

The refinery (74,000 barrels per day; 260 employees) is used to produce fuels and petrochemical feedstocks. Fuels produced include gasoline, jet fuel, blending stock, distillates, residual fuels, and naphthas. Petrochemicals include methane, ethane, propane, butane, benzene, toluene, xylene, propylene. Refinery by-products may include sulfur and petroleum coke. Some six percent of the crude oil (90 percent of inputs), and some feedstocks and motor fuel blendstocks are sourced abroad.

Zone procedures would exempt the refinery from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the finished product duty rate (nonprivileged foreign status—NPF) on certain petrochemical feedstocks and refinery by-products (duty-free). The duty on crude oil ranges from 5.25¢ to 10.5¢/barrel. The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is January 16, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to January 29, 1996).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce District Office, #1 Allen Center, Suite 1160, 500 Dallas, Houston, Texas 77002

Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce, 14th & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: November 6, 1995.

Dennis Puccinelli,

Acting Executive Secretary.

BILLING CODE 3510-DS-P

International Trade Administration

[A-588-607]

Amorphous Silica Filament Fabric From Japan, Revocation of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of revocation of antidumping duty order.

SUMMARY: The Department of Commerce (the Department) is notifying the public of its revocation of the antidumping duty order on amorphous silica filament fabric from Japan because it is no longer of any interest to domestic interested parties.

EFFECTIVE DATE: November 14, 1995.

FOR FURTHER INFORMATION CONTACT: Leon McNeill or Michael Panfeld, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue NW., Washington, DC 20230, telephone (202) 482-4236.

SUPPLEMENTARY INFORMATION:

Background

The Department may revoke an antidumping duty order if the Secretary concludes that the duty order is no longer of any interest to domestic interested parties. We conclude that there is no interest in an antidumping duty order when no interested party has requested an administrative review for five consecutive review periods and when no domestic interested party objects to revocation (19 CFR 353.25(d)(4)(iii)).

On July 31, 1995, the Department published in the Federal Register (60 FR 38989) its notice of intent to revoke the antidumping duty order on amorphous silica filament fabric from Japan (September 23, 1987). Additionally, as required by 19 CFR 353.25(d)(4)(ii), the Department served written notice of its intent to revoke this antidumping duty order on each domestic interested party on the service list. Domestic interested parties who might object to the revocation were provided the opportunity to submit their comments not later than the last day of the anniversary month.
